Building Envelope Upkeep and Restoration

UPE takes pride in helping clients control project costs. We are dedicated, knowledgeable and honest advocates for the Manager, the Board and the Association.

Services for Typical Restoration Projects:

- Surveying and Testing: Evaluations, analysis and reports
- Construction Documents: Specifications for bidding, permitting and construction
- Contractor Bidding: Coordinating construction contractors for bids
- Construction Administration: Inspections, payment oversight, meetings and minutes, etc.

Common Problems Solved:

- Concrete repair due to corrosion, spalling and/or degradation
- Painting/Waterproofing installation and/or replacement
- Repairs and replacement of windows, doors and shutters
- Foundation repairs and/or retrofits for settlement issues
