

We save homes, lives, & money on your clients home wind insurance premiums by upgrading their homes Roof to Wall Attachments. We guarantee that if we add nails, the homeowner will qualify on nail count for the discount. If we add attachments either straps or clips, we guarantee the new attachments will qualify for the appropriate credit.

Free estimates! References are available. We add nails or straps so your client can then qualify for discounts. Huge discount savings after the roof to wall attachments are retrofitted.

By advising your client on this cost saving method you will win over new clients and also keep your existing customer base satisfied.
