

Interior Renovation

We believe every project should have a harmonious combination of elegance and functionality

Whether it's working in occupied spaces or completely transforming a 40 year old building, our teams are equipped to manage the most complex of projects.

About Capital

As an owner's representative and fully insured, bondable, and state-licensed general contractor, we offer a wide range of solutions tailored to meet you and your properties' specific needs. With 50+ years of perspective, understanding, and experience, our dedication to quality, safety, and customer satisfaction has earned us a reputation as one of the leading general contractors in South Florida.

From start to finish, providing an exceptional experience is our priority

Interior renovation not only adds value to your property but it enhances the overall quality of life for those who live or work there. Our clients benefit from our incomparable experience in many ways.

Design intent, resident demographics, construction nuances, and other factors make each building unique. We work diligently, tailoring our methodologies and solutions to perfectly suit each project's needs.

Our goal during these renovations is to minimize any disruptions to the daily activities of the building's management, staff, and its valued residents.
