Waterfront Services

was incorporated in February 2006 for the purpose of performing small restoration projects.

James V. Gallo, owner and general Contractor, envisioned the continued growth of the company.

In 2011, the owners of Pool Tek of the Palm Beaches, Frank M. Juliano and Orlando J. Spado, approached Jim V. Gallo to organize a joint pool deck restoration project.

The completion of the project revealed a successful working partnership that offered the consumer a complete package.

Together, they could overcome the stereotype of contracting in South Florida and offer the community an honest and reputable contractor offering complete services.

Thus, a partnership began.

Waterfront Services

Waterfront Services works diligently to serve its clients. Customers are able to speak with any of our owners, at any time, for any reason to receive answers to their questions.
